PROOF THAT GOOGLE AND THE SILICON VALLEY CARTEL DEFRAUDED THE U.S. GOVERNMENT AND TAXPAYERS:

First, take a look at the bill from Google, below:

Next, consider this: This bill, and tens of thousands of other Google documents, now leaked, prove that each click, view, video and impression provided by Google has a monetary value.

Then, realize that Google provided over 6 billion of these valuable items MANY, MANY times to both Barack Obama and Hillary Clinton.

Here is the shocker: *Google, as proven by Google's own records, provided billions of dollars of campaign financing, in services, that it never reported.*

This is a felony violation of FEC laws!

When confronted with this fact, Google says that this election marketing was paid for but that would still put the customers, and Google, in felony violation of FEC campaign contribution limits. In fact, Google's own financial records now prove that the manipulations by Google were political quid-pro-quo.

In fact, Google's own records prove that the media, news and search engine bias rigging that Google provided was compensated to Google, Elon Musk and the Silicon Valley Cartel with direct quid-pro-quo crony payola in government contracts, tax evasion non-regulation, free NASA resources and DOE cash to Musk (Larry Page's special friend) and other payola.

CAREERCHECK

Executive Moves At Matchcraft, Gawker

Kelly Benish finds a new CEO at the helm of Matchcraft, a new CTO at Gawker Media and executive changes at *The Washington Post* and Hearst. Plus recruitment advice from Robert Hawthorne, anniversaries at BIA/Kelsey and Google and jobs at Gannett, Soleo and Brainworks, among others.

By Kelly Benish

NetNewsCheck, August 7, 2015 6:26 AM EDT

[Sandy Lohr](#), former SVP of sales at [Advance Digital](#) is now the CEO of [Matchcraft](#) (acquired by Advance in 2014). Lohr is charged with defining, implementing and executing the SEM management platform company's strategic goals and objectives. She will also be providing direction and leadership to support MatchCraft's philosophy, mission and organizational culture. She's currently moving from New Jersey to Santa Monica, CA. [Marc Zaks](#) made a similar move from Advance, where he formerly served as VP of advance visibility, to Matchcraft as chief revenue and innovations officer.

[Jan Fette](#) has been named CTO at [Gawker Media](#). He was most recently engineering manager at [Google](#), where he focused on improving design and usability. For over five years, he managed a team focused on improving performance, memory usage and improvements in Chrome's network stack such as support for and design of the next generation HTTP protocol. Before that, he was responsible for ensuring implementation protocol for Google Chrome met Web standards.
