The latest batch of the Podesta emails shared by Wikileaks add a darker dimension (if it was

even possible) to the sordid culture of corruption, lies and depravity that surrounds Hillary Clinton, explaining why the FBI has been calling her for quite some time now, **the "Antichrist personified"**.

It is a possibility that Hellary's clique attends and organizes Satanic rituals, involving mock-up scenes of cannibalism and sexual abuse involving children.

One of the emails directed at Tony Podesta (John Podesta's brother) contains the following sentence:

"I am so looking forward to the Spirit Cooking dinner at my place.

Do you think you will be able to let me know if your brother is joining?"

This really does not sounds like much until you discover the author of this invitation.

She, who walks in the footsteps of the Beast

This is the woman who sent the email, Marina Abramovic.

IS HILLARY CLINTON'S ENTOURAGE INVOLVED IN A SATANIC CULT?

Dressed in red and holding the skinned head of a dead goat, a clear reference to the occult character Baphomet

There is proof that the **Clinton Foundation** directly transferred Abramovic ten thousand **dollars** in at least one instance for her “services.”

Abramovic carving a pentagram in the flesh of her stomach with a blade to show her artistic side

A self-proclaimed artist, Abramovic hails from Serbia and regularly organizes “performances” and events using what she calls “Spirit Cooking”.

This “spirit cooking” includes mixing semen, breast milk, urine or fresh blood before consuming it or splattering it over various things such as life-sized representations of young children, like shown below:

This performance included spelling with the body fluids, the following stanza:

With a sharp
knife cut deeply into the
middle finger of your
left hand
eat the pain.

Other examples of her "art" (nowadays any revolting expression of bad taste if sporting the correct pair of problem glasses) include public dinners, where politicians, Hollywood stars, singers and decision makers gather to eat cakes that depict a naked human corpse or feast on the fake (I hope by all that is sacred) blood contained in a coffin where swims another human body.

IS HILLARY CLINTON'S ENTOURAGE INVOLVED IN A SATANIC CULT?

Celebrities that use demonic symbols in their persona such as Lady Gaga rush to participate to Abramovic's events

Another heavy user of the occult symbols, Jay-Z, is a big fan of Marina

These codes are all directly copied from rituals such as black masses or Sabat night reunions and popularized by figures such as **Aleister Crowley** from whom Abramovic draws direct inspiration.

It is part of this growing phenomenon where the elites and celebrities close to power get caught, intentionally or not, showing symbols celebrating the ancient Babylonian rites or the worship of the Devil.

On November the 4th, Clinton chose Jay-Z in a last bid to draw crowds to her empty rallies. Coincidence?

Innocent children involved in that mess

There is hard evidence that Bill Clinton traveled at least 26 times (sometimes without his bodyguards, it is all in the pilot logs) to **billionaire and convicted pedophile Jeffrey Epstein's Island** on board his plane, dubbed the "Lolita Express," as it is in this plane that the guests could allegedly have sex with minors.

With this in mind, it is disturbing to notice that other Podesta emails refer to children as being the "entertainment" at pool parties almost entirely attended by middle-aged men involved in politics.

Other emails involve strange references to food such as "pizza", "cheese", \$65,000 worth of "hot dogs" for a party that attendees "dream of" and "recipes" that many sources suggest are code words for orgies involving minors and extremely young children. You can read more about it [here](#).

The Whole Clinton Bag of Crooks reeks of unnatural sexual behaviour and reproachable acts and we will certainly know much more in the days to come, as Hillary Clinton is still under FBI investigation as we speak. This follows the scandal surrounding Huma Abedin (Clinton's right hand and confidant) and her estranged husband, sex offender and champion one-handed texter, Anthony Weiner.

It will take some time before they go through Weiner's 650,000 emails and decide of a course of action regarding these dark revelations and other atrocities of the Clinton crime family.

If those recent speculations turn out to be true, it could have the effect of a bomb and mean a revolution.

Observe the symbols of cannibalism, eerily similar in the three following pictures. Those are respectively: a scene of the Rothschild's "surrealistic bal," a painting hanging in John Podesta's office and one of Abramovic's dinners:

I will let you be the own judge of the conclusions inspired by those images. My father is a very Cartesian fellow and a saying of his comes to mind:

And what I see unsettles me.

What happens if Hillary, Obama, and all these so-called "leaders" of our country are found out to be pedo's? Will the FBI or Justice Department do anything or merely look the other way? I believe they already know and have known for eons. If you look at the decisions Obama has made during his presidency in the realm of satanism you'll connect the dots. One of the worst things Obama did was give Iran billions of dollars knowing they would fund terrorists with it. You see, Satan and God are real. They are forces that cause people to do good or evil. Disagree all you want but someday there won't be any atheists.

EDIT The post refers only to Marina Abramovic.
For this sole case you are mistaken, she is just a gentile witch, Abramovic is skippy only for Ukrainians, Russians and Bellorussians, for Serbo-Croats doesn't mean anything. She is though daughter to commie parents and is located, by emigration to New York. All these say a lot.
Do not ask me why but Serbs had a very radical left which makes most of their culture movies quite horrific, their idea was that the Russkies with their conservative values regarding society and sex destroyed true communism there is a movie called: "W.R. mysteries of the Organism" it glorifies some pseudoscience about sex the aforementioned idea was also put to that film.
I need to also add that Serbs are a very religious, conservative and Christian nation, how they provide some of these deplorably sick in the mind humans is beyond me.

Of course I did my research, and there is no tangible evidence of her jewish origins but:
1. Lastname: If your lastname is Rothschild, there are probabilities of 99% that you are not basque. Besides, commie partisan parents?
2. Physiognomy: jewish nose? check. bended back? check. Just look at this photo: <https://uploads.disquscdn.com/images/39aa4a4fc9333003b25722cac2786c791b5ab0c13edcedf981145836054fefc8.jpg>
3. Actions: this is the most important indicator in this case; involved near the circles of powers but somehow behind the scene? check. Decadent art? check. Aberrant practices? check. Aberrant practices linked with occult doctrines? check.
I know the Tribe, this is one of them, believe me.

Being red-pilled I still found this hard to believe that such spiritualistic hog-wash was still really believed today. It is possible so that the Frankism (a Deist cult) might (what we say is probably just an influence of it, or and some common practices which could be found also in some medieval heresies) be well alive today (they were behind the Jacobins in the French revolution, they were known also as Robespierre's cult) the cult recruited members and had them participate in a variety of unknown rituals one of them looked akin to spirit cooking, although this horrific liquid was consumed. For sexual practices pedophilia was ceremonial.

In truth though, if a member wanted to leave the cult the other members would expose their wrongdoings, having evidence for them, condemning them and protecting themselves. Needless to say Evola's occult war is now proven to be a correct term, so what we truly face are satanic powers on an unprecedented scale. I suggest reading some theology and specifically some daemonology, This has religious roots in the end as it is pretty close to complete proof. Also for the modern left a good writer is Eric Voegelin, a man who traced it's roots to some medieval gnostic cults.

I know that a lot of things point that way but I think when we make charges like "rape" or "sex tourism" or "underage girls" blah blah blah that we have a responsibility to be damn sure or we tread on very hypocritical grounds. I think there is plenty of other shit we can call Bill out on without having to resort to the sensationalism of sex charges.

[0] 0

[0] 0

November 8, 2016

Well, let's say they had a 100 person team working 12 hours a day. Then they'd have 50 seconds for each single email. Sounds doable.

But 1. some of these emails are darned long and contain attachments that take hours to read. And 2. Even if you could skim through all the emails in that time, you would not be able to dig deeper and would miss most stuff.

So I was thinking about the spirit cooking and I feel that where the invite went wrong is that there really is three distinct groups of culinary perversion here. I assume anyone on any politician's staff would be totally down for some blood, sperm or breast milk. Most of them would probably be down for two of the three. But even if you do find one who'd be into all three they'd probably not want them at the same meal. That is some British aristocracy level extravagance there.

The atheist sneer boat. Now that is some funny expression but tbh both sides of the belief divide use sneer all the time e.g. this article itself "La plus belle ruse du diable est de vous persuader qu'il n'existe pas". (Satan's greatest ruse is to make you believe he doesn't exist)

[0] 0

November 8, 2016

Argumentum tu quoque.

Whether Satan exists or not to *you* is irrelevant, apparently he's real to these Elitists. Whether you believe in Satan or not, what he represents is murder, mayhem, evil, pedophilia, rape (the real kind) and death and destruction. That the Elite worship these principles should concern anybody, whether "atheist" or not. Yet you go for the typical atheist "I'm so enlightened and you aren't" sneer instead of looking at the larger picture. Take the name "Satan" out of it entirely and replace it with the concepts I just noted that he stands for, and now assign it to the Elitists. Now are you concerned?

Regardless who is involved in that sort of thing but, that's some fucked up repugnant shit right there. I find it hard to believe that someone who wants votes would actually be involved in that however, stranger things have happened. I always wondered why fucktard leftists were always admiring sick art. It came to me though that they like it because normal people (Christians and regular joes) are horrified by it and those elitist leftist can then be sure they are much more enlightened than all those backward hillbillies in flyover country.

John Sanders

November 8, 2016

It's what they're used to. Cultural "taste" is more a measure of popularity than of intrinsic value, in times when "money" passes for ethics (or its lack).

As with other things, the moment you accept someone to value you/your possessions for their criteria, game over, you lost. A bird drawn by Picasso \$1 million. A better drawn bird by your nephew, \$0,10. The signature IS the art/value. Who says the signature has value, has power. This is the "system", as enormous, as fragile it would be if more of us understood how it works.

[0] 0

UnreconstructedConfederate

November 8, 2016

At this point I'm beginning to believe the system is beyond my humble understanding.

[0] 0

John Sanders

November 8, 2016

Not that difficult. All they want (the "narrative) is to have the monopoly of "value". So, concepts like nation, race, family, religion, even objective merit, are deemed worthless. "unfit", as they call Trump. First, Donald is "unfit" for presidency. Then, your local schoolteacher is "unfit" (he said something against feminism, for example). Then, one day, the question is put directly to you: Obey and be fit. Disobey, and be "unfit", "deplorable".

It's tyranny, and people are buying it.

I read about his "art collection".
I think dipsticks like that get a woody over how bad normal people get freaked out over that kind of stuff.

SCENE I. A cavern. In the middle, a boiling cauldron.

Thunder. Enter the three Witches

First Witch

Thrice the brinded cat hath mew'd.

Second Witch

Thrice and once the hedge-pig whined.

Third Witch

Harpier cries 'Tis time, 'tis time.

First Witch

Round about the cauldron go;
In the poison'd entrails throw.
Toad, that under cold stone
Days and nights has thirty-one
Swelter'd venom sleeping got,
Boil thou first i' the charmed pot.

ALL

Double, double toil and trouble;
Fire burn, and cauldron bubble.

Second Witch

Fillet of a fenny snake,
In the cauldron boil and bake;
Eye of newt and toe of frog,
Wool of bat and tongue of dog,
Adder's fork and blind-worm's sting,
Lizard's leg and owlet's wing,
For a charm of powerful trouble,
Like a hell-broth boil and bubble.

ALL

Double, double toil and trouble;
Fire burn and cauldron bubble.

Third Witch

Scale of dragon, tooth of wolf,
Witches' mummy, maw and gulf
Of the ravin'd salt-sea shark,
Root of hemlock digg'd i' the dark,
Liver of blaspheming Jew,
Gall of goat, and slips of yew
Silver'd in the moon's eclipse,
Nose of Turk and Tartar's lips,
Finger of birth-strangled babe
Ditch-deliver'd by a drab,
Make the gruel thick and slab:
Add thereto a tiger's chaudron,
For the ingredients of our cauldron.

ALL

Double, double toil and trouble;
Fire burn and cauldron bubble.

Second Witch

Remember Marc Dutroux, the Beast of Belgium (or whatever they called him). Busted for pedophilia, child abduction, murder, etc. In Belgium, when all of that was coming down, the Belgian people were ready to storm the gates of the halls of power and start lynching people. Because they found out that Dutroux was directly tied to the Belgian elite; it was common knowledge among the people that the elite were involved, and Dutroux was supplying the royals and other high muckety-mucks with little kids. So the elite finally gave up Dutroux and his henchman (forget the guy's name), but saved their own asses. This type of thing is commonplace, I'm afraid. Once you have researched it in depth, you'll figure that out. And if you don't...well...it's uncomfortable stuff to say the least, and I wouldn't blame anybody for turning a blind eye to it. Won't change anything, even if you research it. But this kind of stuff has been going on for a long, long time.

one of the Queen's artists buddies, Rolf Harris, was stripped of his knight-hood (CBE?) due to kiddy stuff. the guy was royal children's entertainer...Make's you wonder, but then with lyrics like "I'm Jake the peg diddle diddle diddle, with the extra leg... diddle, diddle, diddle..."
I wonder whether lesbo/femisit teachers are pedo-like? Or just controlling with anti-male propaganda? My daughter has some...who glare at me...

I really am of the strong belief that there is no such thing as a lesbian. There is just a girl who isn't getting dicked right. If you had the stomach to lay pipe to even the most dykey lesbian and dick her deep and right she would scream out gods name

When I was a kid, I went with my brother to check some cattle that were in a pasture a few miles from where we lived. In the field, there was this burned out bonfire with four cut up yearlings. There were all of these weird symbols carved into the hides, and the blood was sprinkled out in this pattern. It was very creepy to look at. We called the police and they took pictures, but nobody was caught.

When someone has total power and wealth, and therefore access to whatever they want, it's not surprising that they become bored with the regular stuff that excites, entertains, and pleases regular Joe's like us. They then seek out more extreme things. The elites have always been deprived and degenerate.

This is true. Even on a much smaller scale....I like variety in women because I am in a place where there are so many readily available women of all kinds and sex is an incredibly casual affair. I don't particularly find Asian or Black women attractive. That doesn't mean I won't bone one on occasion just for the lulz. If I also had a few billion dollars and total protection from the law I would be really, really fucking bad.

Just got back from the polls.

1. Huge amount of white males there when I walked in.

Uncharacteristically huge amount. Like we owned the polling station. My wife went a few hours earlier than me and reported the same thing.

2. For POTUS, the machine had Hillary at the tipy top of the list and Donald at the very bottom, behind every third party candidate and only above "Write In". Yeah, I'm sure that's accidental.

3. Funny observation about where I live - Of the 13 races outside of POTUS, only two had Democrat challengers (for House of Reps and Senate). Every other office, at the state and local level, had no Democrat on the ballot. When people say Ohio can "swing Democrat" I can't help but laugh at how stupid that is when I hear it. Yeah, sure. Cleveland maybe. Heh.
