

MUELLER COMPLAINT AGAINST 13 RUSSIAN TROLLS IGNORES CLINTON'S USE OF 3000 SHARE-BLUE TROLLS TO DO WORSE THINGS THAN THE 13 RUSSIAN KIDS DID!

Mueller's Investigation A Farce: Files Joke Indictment Against Russian Trolls

by [Elizabeth Lea Vos](#) - Feb 16, 2018 4:34 pm

If one needed proof that Mueller's investigation was an utter farce, they were in for a treat this morning when the Attorney General indicted 13 "Russian trolls"

DOJ Complaint: The Russians Organized A Rally Called "Trump Is NOT My President"

 Profile picture for Tyler Durden

by Tyler Durden

0
SHARES

Late last year, when the Trump-Russia collusion narrative was peaking, [something unexpected emerged](#): back on November 12, 2016, an event organized by BlackMatters US, a 'leftist', anti-Trump group drew thousands of people to protest **against the just elected President Trump**.

There was just one minor glitch: **BlackMattersUS emerged as a Russian-linked group.**

As the [Hill reported](#), "the BlackMatters organizing group was connected to the Internet Research Agency (IRA), a Russian "troll farm" with ties to the Kremlin, according to a recent investigation by the Russian Magazine RBC.

Facebook has identified the IRA as the group responsible for purchasing 3,000 political ads on Facebook's platform and operating 470 accounts that appear to have attempted to influence the perspectives of Americans during the 2016 elections.

And now it's confirmed: from Section 57 of the [DOJ complaint](#) against the Russian trolls who "interfered, but did not impact" the outcome of the election:

*After the election of Donald Trump in or around November 2016, Defendants and their co-conspirators used false U.S. personas to organize and coordinate U.S. political rallies in support of then president-elect Trump, **while simultaneously using other false U.S. personas to organize and coordinate U.S. political rallies protesting the***

results of the 2016 U.S. presidential election. For example, in or around November 2016, Defendants and their co-conspirators organized a rally in New York through one ORGANIZATION-controlled group designed to "show your support for President-Elect Donald Trump" held on or about November 12, 2016. At the same time, **Defendants and their co-conspirators, through another ORGANIZATION-controlled group, organized a rally in New York called "Trump is NOT my President" held on or about November 12, 2016.** Similarly, **Defendants and their co-conspirators organized a rally entitled "Charlotte Against Trump" in Charlotte, North Carolina, held on or about November 19, 2016.**

As we said back then:

*"so the Russians spent \$100,000 and created 0.004% of social media content to influence the election... **and then the same Russians continued to help President Trump by unifying black and white Americans to protest against him."***

Of course, this - together with the [other facts previously noted](#) in the DOJ complaint - is why Mueller radically shifted his task, and instead of proving "collusion" by the Trump campaign, showed an unsolicited campaign by 13 Russians who were "engaged in operations primarily intended to **communicate derogatory information about Hillary Clinton, to denigrate other candidates such as Ted Cruz & Marco Rubio & to support Bernie Sanders & then-candidate Donald Trump**" and in the process managed to troll the US so hard, and somehow had a greater impact on the outcome of the election than the US media, entertainment and polling industries combined.

Finally, what was until now, at least officially, a "Russia-Trump collusion" mandate was downgraded to the *amusing, if somehow criminal, "Russians sought to promote discord."*

Meanwhile, there's this...

@Yogi_Chan

Dear US: I love you to bits. But you can't complain about external influence on your political process when you have prior like this >>
