San Francisco: Democrat LGBT Lutheran Pastor And Friends Arrested In Child Porn Raid

Five pedophiles at a Pro-LGBT Church have been arrested by San Francisco's Child Exploitation Task Forces for the production of child pornography. Controversial Gay Pastor of Christ Church Lutheran in San Francisco, the Rev. Steven Sabin, heads the congregations.

Reverend Steven Sabin is the head pastor at the Christ Church Lutheran national website, where he hosts streaming podcasts worldwide.

The Christ Lutheran Church says that they're aware of the Pastor's arrest.

We have learned of the arrest of Steve Sabin, who will no longer serve as pastor of Christ Church Lutheran. We are concerned for and ask for prayers for all affected, including all victims of sexual misconduct and for the people of the congregation of Christ Church. We will cooperate fully with law enforcement. We have zero tolerance for clergy sexual misconduct and are committed to providing safe spaces for all children and youth in our church.

The Lutheran Church is known for its headlines invoking homosexual relationships. Pastor Sabin was *kicked out* from the Lutheran Church in America for his homosexual desires.

Homosexual relationships are condemned in the Bible as per scripture, and hold enormous risks for AIDS or HIV infections, as the

CDC reports.

According to the [San Francisco Examiner](#), 59-year-old Pastor Steven Sabin was the first to be arrested at Christ Church Lutheran on Quintara Street and 20th Avenue in the Sunset District.

The San Francisco Police Department's Internet Crimes Against Children Task Force began investigating posts to a social media account displaying child pornography back in October.

Pedophiles who host the files do so on an online blog which was connected with the Lutheran church belonging to Sabin.

The District Attorney's Office obtained a search warrant for Pastor Sabin's home on Market Street between Ninth and Tenth in San Francisco.

Inside the home of Pastor Sabin, the task force found hundreds of videos and images of children engaged in a forced sexual assault.

After hauling in computers, laptops, SD drives, external hard drives, and other electronic equipment, the ICAC task force shipped the evidence to the state crime lab.

Total Arrests Include the Following Alleged Pedophiles

59-year-old Rev. Steve Sabin, Pastor at Christ Church Lutheran at Quintara Street and 20th Avenue in San Francisco.

43-year-old Elihu Hernandez would be the next target connected to the raid for the task force to serve a warrant on.

Hernandez allegedly had a cell phone containing images and videos showing children being sexually abused.

37-year-old Trevor Schlesinger had also uploaded child porn to a shared peer to peer distribution network.

24-year-old Nicholas Fong was arrested on October 4th at his home on the 500 blocks of Lombard Street, where police seized a cellphone with hundreds of child porn videos and images, police said.

Fong was arrested at his home in the 200 blocks of Mallorca Way, where found a laptop, which had child porn stored on the machine.

58-year-old Donald Wright is an IT specialist from San Francisco who assisted the Pastor with his alleged homosexual pedophilia and child pornographic distribution through a peer to peer network as well.

Wright was arrested and booked into the San Francisco County Jail for 600 plus files of child porn. He remains in custody.

The above suspects are innocent until proven guilty.

The disturbing arrests are part of a widespread effort to round up degenerates who would consider the forced sexual abuse of a minor child as being a pleasure-filled experience, *with the anticipation of producing child pornography for other despicable pedophiles to masturbate to.*

The perverse desire to have sexual relations with children, and homosexuality are condemned in the Holy Bible.

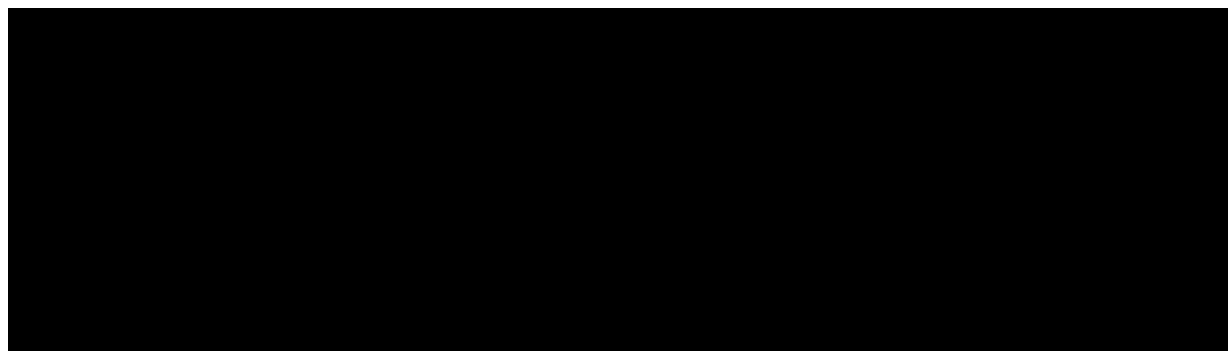

Many denominations of Christians support LGBT rights. However, the word of God cannot be reversed.

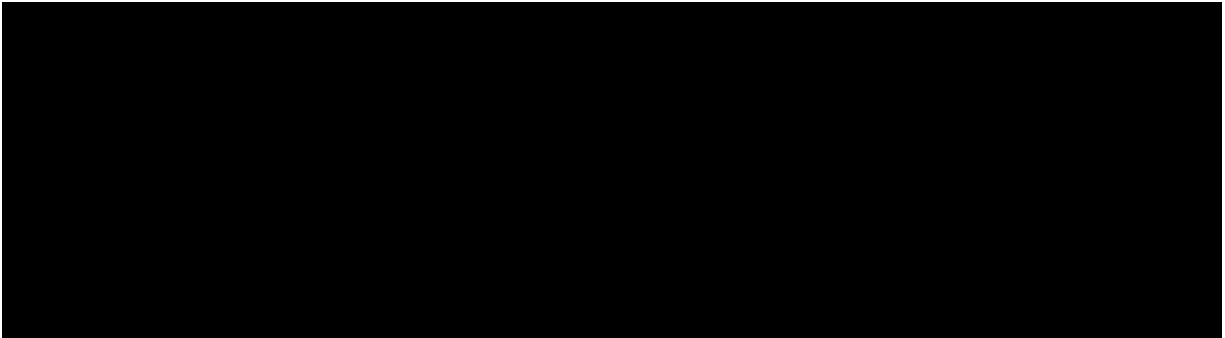

Traditional Christian Pastor Pastor Steven Anderson of Faithful Word Baptist in Tempe, Arizona is criticized for his honest interpretations of the Gospel.

Correlations between homosexual relations and pedophilia or sexual assault are oftentimes blamed as being words of bigots, but that's not what the data shows.

When it comes to HIV and AIDS infections and transmissions, the [Centers for Disease Control](#) reports that homosexuals are the largest widespread demographic to both transmit and be infected.

The horrendous acts of child pornographic distribution let alone the disgustingly perverse nature of those who would produce such materials is a further sign that America is in a downward spiral of degeneracy that leads to God's judgment.

Churches failing to [adhere to God's rule](#), and their congregants who are misled are doomed to *God's wrath*.

America is now Babylon of Biblical history - a once-great civilization of this nation has been subverted into the brink of outright lawlessness and degeneracy.

The scourge of child pornographic distribution continues to be eliminated under the Trump Administration, which has resulted in over 11,000 arrests related to human and child-sex trafficking, child molestation, or child pornography since President Trump's inauguration in January of 2017, setting records in the widespread victories against the rampant pedophilia in America.

If you know of any child who may have been a victim of sexual exploitation, please call the National Center for Missing or Exploited Children (NCMEC) at 1-800-THE-LOST ([1-800-843-5678](#)) or visit the [NCMEC's website directly](#) to find assistance dependent upon the specific case you're interested in finding information for.

Members of the public who have information about child-sexual predators are urged to contact ICE by calling the ICE tip line at 1-866-347-2423 or internationally at 001-1802-872-6199.

They can also submit a tip over the internet by completing ICE's online form by [clicking here](#).

The Immigration and Customs Enforcement (ICE) Agency Homeland Security Investigations (HSI) is also bringing down suspected child-sex offenders through Operation Predator.

You can also contact ICE via the Operation Predator application for mobile devices. ICE has created a smartphone app – the first of its kind in U.S. federal law enforcement – designed to seek the public's help with fugitive and unknown suspect child predators.

The iOS version of the app can be downloaded from [Apple's App Store and iTunes](#); the Android version is also available via [Google Play Store](#).

It is also time that we as a society hold our elected officials accountable in demanding stricter punishments be enforced with tough new legislation against anyone who would victimize a child, of either life imprisonment, of capital punishment. Oftentimes, they are released and re-offend. There is no rehabilitation for child sex offenders.
