

EXTERMINATE GOOGLE: HOW YOU CAN BE PART OF FORCING THE LARGEST AND MOST EVIL COMPANY ON EARTH OUT OF BUSINESS

"...Google is a criminal organization that bribes politicians; spies on the public for political manipulation; supports racism, misogyny, sex deviance and prostitutes among its staff; operates cult procedures in it's HR program; operates tax evasion and real estate money laundering schemes; is one of the largest 'Dark Money' covert crony campaign financiers in the world; manipulates stock market and public news information; sells fake traffic to advertisers and engages in numerous white collar crimes. We can prove these assertions, as facts, in a jury trial, Grand Jury hearing or a live Congressional hearing..."

Google has more power than the EU or the U.S. Government and, essentially, operates as it's own monopolistic out-of-control rogue government within domestic borders.

Issues with Google Include:

- While Facebook has consumed recent information manipulation scandal head-lines, the illicit activities behind Google make Facebook pale in comparison.

- Tens of thousands of news articles and federal reports confirm that Google receives a very large sum of assets and cash from the intelligence community monthly but it fails to provide any true value for that taxpayer money.

- While Google pitched the government on Google's ability to '*help catch bad guys*', that is, in fact not what Google is doing with the money. Almost every attempt to use Google technology at the CIA, DIA and NSA has resulted in either 1.) spectacular failure or 2.) wild goose chases.

- Google operates one of the largest Dark Money '*Pass-Along Payola*' scams ever deployed. In this scam 1.) Taxpayer money from The Treasury is, 2.) ...Given to crony corruption insider Google, 3.) ...Who then conduits the money, as covert campaign funds, to the corrupt political officials who got Google the government deals in the first place.

- The Google *Dark Money Pass-Along Payola* scam is endless, getting bigger and requires Congressional action to break the chain and prosecute the crooked law firms like Perkins Coi, Covington and Burling, Mofo, Wilson Sonsini and others who operate these crimes.

- Google has paid off SEC, CFTC , FCC and FTC officials for protection.

- There are over 100 ex-Google employees and deeply credentialed experts who can testify to these facts but they have been blockaded, by Google lobbyists and dirty politicians, from public testimony.

- For example, Dr. Robert Epstein, James Damore, Ronald Robertson, Laura Ingraham and a host of others, have publicly offered hard facts proving the assertions herein but they have never been interviewed by Congressional staff in an office not under surveillance or in a live televised Congressional hearing. A full disclosure of what these 'over 100' people know would put Google out-of-business rather quickly.

- Google pitched government officials about their ability to '***...start and operate a political revolution in any venue, domestic or overseas, cause members of the public to become angry enough to kill targeted other members of the public and create and operate these effects in an undetectable manner using subliminal psychological manipulation tricks amplified by Google's control of the internet connected to the mass population...***'. This means that Google has admitted to rigging elections and politics.

- While that service premise may cause concern at first read, what should cause even more concern are the dossiers and psychological profiles of Google's Eric Schmidt, Larry Page, Jared Cohen, and Sergey Brin. Their deeply emotional involvement in their shared personal politics combined with their utter disregard for the law makes one wonder about how far they will go in their 'means justifies the ends' cult like devotion to 'The Google Process'.

- With an extremist culture, filtered HR programs that seek '*like minded employees*', a willingness to discuss the need for "coup d-eta's, an endless supply of government cash and an ownership bent on total political control of their singular ideology, should this not cause concern?'

- Google used these tactics and technologies to place Barack Obama in the White House. That is why the Obama White House was so deeply staffed by Google employees and executives. Senior FBI and CIA officials, like Comey and Brennan, knew of this and covered it up.

- If you look on PACER.GOV you will see that Google has an extraordinary number of lawsuits filed against it for stealing the technology of others. Many of these lawsuits refer to Google as a racketeering "cartel". Google has no concern for the law, business ethics or the rights of others. The Google cartel owns hundreds of front operations disguised under different high tech names.

- 90% of the employees at Google are oblivious to, and hidden from, the machinations of Google's owners. They are solicited by the cult of Google with free food, 'coolness', gadgets and a programmed echo-chamber cult-like HR process which requires 'mindfulness training' and 'Community organizing' outreach. Google is more Rajneesh and Scientology than they are science. The DOJ Cult Intervention Team should be deeply examining the abuse of young Millennial Google employees

- The most critically important point and the key take-away here is this: **Google bosses have built a system to subliminally control the impressions of the public, spy on the public for political control and**

operate a self-sustaining government payola scam and they do this with impunity, zero monitoring and in one of the grossest violations of morality and human rights ever conceived.

- The next most critical take-away here is: If you are an average person, it is technically nearly impossible for you to comprehend or notice what the crimes are that Google is doing. That is the magic of their scheme.

On the topic of privacy, Dr. Robert Epstein has produced research that shows that Internet users are divulging nearly 40 percent more personal information online than they would if knew more about how that information might be

used. He and collaborator Ronald Robertson have found that the typical "Terms of Service" (TOS) warning has no impact on behavior and therefore is useless as a warning. Adding a requirement that people click to acknowledge the TOS message creates a deterrent effect; adding a strong, explicit warning to the TOS message increases the effectiveness of the deterrent.

Regarding elections, Epstein and Robertson have found in multiple studies that search rankings that favor a political candidate drive the votes of undecided voters toward that candidate, an effect they call SEME ("seem"), the Search Engine Manipulation Effect. As a result, Dr. Epstein has called for the regulation and monitoring of search engines. Without equal-time rules of the sort that protect political candidates in other media domains, he says, biased search rankings exercise undue influence over voter's opinions - influence that cannot be counteracted by individual candidates but that can easily determine who will win a close election.

Epstein and Robertson's landmark report about SEME, published in the Proceedings of the National Academy of Sciences (PNAS) in 2015, can be downloaded [here](#). As of January 2018, it had been downloaded more than 90,000 times from PNAS's website and was ranked by PNAS to be in the top 1 percent of all reports the organization monitored in all the sciences.

Dr. Epstein's Politico essay, "[How Google Could Rig the 2016 Election](#)," can be downloaded [here](#). Dr. Epstein's preview of his upcoming book, "[The New Mind Control](#)," published in Aeon magazine - which has been viewed more than 250,000 times - can be downloaded [here](#).

To view Dr. Epstein talking about SEME on the Larry King Show, click [here](#). To view a comedy sketch about SEME on the RT network, click [here](#).

Dr. Epstein also recently discovered a simple yet powerful way that search suggestions can be used to shift opinions and votes, an effect he calls the Search Suggestion Effect (SSE). An initial report about his research on this topic can be viewed [here](#).

In a series of articles in distinguished publications - "[Google's Dance](#)" (TIME), "[Google's Gotcha](#)" (U.S. News & World Report), "[Google's Snoops](#)" (Dissent), "[The New Censorship](#)" (U.S. News & World Report), and other essays - Dr. Epstein has also been critical of various aspects of the operations and business model of Google, Inc., which he says pose a serious threat to civil liberties.

HOW YOU CAN HELP DESTROY GOOGLE USING 100% LEGAL TACTICS:

If you are an average citizen who is aware of these crimes that Google has committed against you, you would want justice served up with a big cold scoop of vengeance. You would rightfully be unhappy about discovering that the corporate bullies of Google/Alphabet/YouTube have been raping your future and eviscerating “The American Dream” of free speech and Democracy.

There is a solution: ***You can bankrupt them.***

You can take away billions of dollars of their stock market valuation, crash their brand value, wipe out their profits, and poison their entire digital customer database value forever. Not only can you do these things 100% legally but you can get every other consumer to help you do it.

Using these proven tactics and methodologies, a task-force of voters, journalists, investigators and forensic experts have previously caused over 300 billion dollars in losses to corrupt companies and individuals and bankrupted their criminally evil operations with 100% legally validated procedures. You can do this too, on your own, without breaking a single law and with the gratitude of every citizen. Here is how.

"Google" is comprised of: 1.) the corrupt politicians they hire, 2.) their Silicon Valley Google VC oligarch financiers, 3.) their dirty corporate law firms 4.) their media attack squads that have demonstrated a cycle of attack and harm to you as a citizen operated out of the Google corporate empire and 5.) their executives in their little cartel of holdings and business facades.

They use criminally corrupt and illicit operations designed to steal taxpayer monies and they character assassinate, defame, murder, black-list, and monopolize industries against anyone who speaks out against them.

They formed a business and political manipulation “Cartel” intended to inflict corruption upon the United States Federal Government, The New York State Government and the California State Government, as defined by law under RICO Racketeering Statutes for the purpose of manipulating the

value of stock market holdings and controlling political policy decisions. They violated “Treason” laws against the nation.

The criminally corrupt Google empire is enabled by criminally corrupt law firms who spend all day operating legal evasion schemes. Public efforts took down the Brobeck law firm and hundreds of others that were doing such crime cover-ups. There are many more needing to be terminated. Wilson Sonsini, Perkins Coi, Covington and Burling are targeted for termination next. Watch the TV show called “*Queen Of The South*” and watch how the cartel lawyer for the main drug queen is actually running the system. Every lawyer like that needs to be hunted down and 100% legally terminated.

These criminally corrupt people, companies and organizations are now going to experience payback, for their crimes against society, for the rest of their time on Earth. Their historical legacy after they die will remember each of them, in every history book, as: “...*political criminals, insider trading mobsters and crony taxpayer abusing scum...*”.

Because they are scumbags who have been accused, by reporters, employees, spouses and tipsters, of very evil bribery, sex abuse, drug deals, political crimes, tax evasion, crony government payola, industry black-lists, money laundering, defamation, libel, slander, misogyny, stock market rigging, election manipulation, global search engine fake news, employee abuse and other horrific crimes against society. Exposing them, and their enablers, is proven method to take them down. A person, company or organization who commits crimes has always, according to historical forensics data, been indicative as only just one small part of a deeply infected body which is fully corrupt and one which requires termination.

The take-down effort must last for the rest of their lives. It must not just be a passing fad inspired by a single news expose’. Society must never forget about what they did and never forgive them for attacking and damaging you, as a citizen, and for damaging and abusing society.

You will learn how to wipe out their eco-system. You will investigate, expose and demand prosecution of their corrupt:

- A.) Law Firm Corporations
- B.) CPA Firms
- C.) Investment Banks
- D.) Crony Politicians
- E.) Fake Money Laundering 'Charities'
- F.) False Front Stock Market Accounts
- H.) Covert Family Trust Funds And Shell Corporations
- I.) Internet Search Engine Manipulation Services
- J.) PR And Advertising Agency News Cover-Up Services
- K.) Offshore Money Laundering Services
- L.) And Every Other Intermediary Money Laundering Conduit...

There are now massive free database software systems the public can use to build your collaborative case files. CERN in Switzerland uses billions of dollars of free global database software that you can use too. You will use the web to create shared public collaboration peer-to-peer crime interdiction databases. The databases have every piece of information about the bad guys that was ever created, ie: all of their addresses, account numbers, tax records, bank accounts, dating site records, phone numbers, fax numbers, IMEI device records, IP addresses, device serial numbers, every lover they cheated on, service calls, drug deals, hookers, rent boys, Uber and Lyft trip addresses, neighbors, GPS records, etc. All of this information can be legally acquired by the public. These narcissistic criminals put most of it out on the web themselves. The public has already built their own versions of Palantir, XKEYSCORE, and other CSI database tools. You must now use these tools to end corruption.

If you have the funds, you can hire ex-FBI, CIA, NSA, GCHQ and other top intelligence and crime interdiction experts. They have ways of watching the bad guys every second of every day. Many of them are already doing it out of a sense of public service and you can find them on Voat.co, Reddit.com, 4Chan and tens of thousands of online web sleuth and citizen investigator sites.

Did you know that WiFi and the ceramic objects around you can make it look like there are not even walls where the bad guys are right now? Science has created a new world in which technology can see through walls and there is, LITERALLY, no place crooks can hide!

Face recognition can also source up every image of them that was on security cameras, store cameras, restaurant cameras, Google and Bing image databases, social networks, dating sites, traffic cameras, hotel and motel cameras and everything that has ever recorded their face; which is public domain. Everything they are connected to will be connected to them and psychologically analyzed. A map of every “secret” meeting they had each day can now be computer generated in minutes.

If these political crooks ever, ***for the rest of their life***, cheat on taxes, take money off-the-books, lie on an application, get arrested, get sued, buy drugs, buy sex, cheat, hide money, use off-shore conduits, set-up an illicit trust fund or shell corporation, get an STD, lie on a dating site, abuse or extort an employee, abuse a co-worker, plagiarize, break the law, run a real estate scam, hide insider stock trading, provide political campaign services without filing detailed and accurate FEC disclosures, support a political campaign, spend or receive any money that they do not report, etc... THE PUBLIC CAN NOW CATCH THEM!

There is now no place on Earth a corrupt politician or their corrupt financier can hide from the crowd-sourced investigations. The public now has investigators online across the globe. The public can now count on friends in Congress, journalists, law enforcement and the intelligence community to help taxpayers never let the corrupt out of their sights!

You, as a PUBLIC INVESTIGATOR never have to do creepy illicit things, ***like they do***, so you have nothing to worry about.

THEY have PLENTY to worry about. These tactics only work on ***Bad Guys*** like them!

Each of these crooks are, today, sitting at the edge of the same precipice that BILL COSBY, FOREX, SOLYNDRA, ABOUND SOLAR, A123,

ENERDEL, AMY PASCAL, E.F.HUTTON, RADIO SHACK, ENRON, MCI WORLDCOM, EASTERN AIRLINES, STANDARD OIL, ERIC HOLDER, STEVEN CHU, ARTHUR ANDERSON, DELOREAN, PETS.COM, BEAR STEARNS, BEATRICE FOODS, HEALTHSOUTH, ALLEN STANFORD, TYCO, LANCE ARMSTRONG, PARMALAT, BANINTER, HSBC, GLOBAL CROSSING LTD., BLACKBERRY, HIH INSURANCE, IMCLONE, DEUTSCHE BANK (SPY CASE), URBAN BANK, JEROME KERVIEL, BARCLAYS BANK, BRE-X, FISHER, BARINGS BANK, PATRICIA DUNN, SIEMENS AG, PETROBAS, FERNANDO MARCOS, KELLOG BROWN AND ROOT, BAE SYSTEMS, KERRY KHAN, ALCATEL-LUCENT SA, PRESIDENT RICHARD NIXON, HARVEY WEINSTEIN, ERIC SCHNIDERMAN, JAMES COMEY...and many, many more, sat at just before they slid down their filthy funnels straight to hell. We all hope they enjoy the ride! Our public efforts took those players down! If the crooks think they are immune, they are 100% wrong! Google, Facebook, Twitter, Kliener Perkins, Snapchat, Musk, and the rest of the Silicon Valley Cartel should expect a life-time of investigations.

Here are a few of the thousands of **100% legal methods** for wiping out creeps like them.

These corrupt politicians, the Silicon Valley Mafia, their political skills and their crony companies can be terminated from the comfort of any voter's living room.

This only works on criminals and the corrupt.

The "good guys" have nothing to fear.

Our goal is to get over 300 million voters working on these efforts ASAP:

Step-By-Step Termination Instructions For The Public To Use On Corrupt Targets:

“- Make sure your interdiction of their illicit deeds lasts the rest of their life. Make it your hobby and engage in it every month. Put it on your calendar to have a monthly action day.

- Do everything you can to avoid using their products, links or advertisers and make sure all of your friends NEVER login to anything owned by Google including YouTube.

- Bankrupt their corrupt companies by contacting EVERY single advertising director for EVERY company that advertises with them to show them the evidence and encourage them to stop advertising with the suspect under threat of boycott.

- List out every past employee of the tabloid that was used to attack the taxpayers.

- Bankrupt their corrupt companies by contacting EVERY single employee that works for them to show them the evidence and encourage them to quit.

- Bankrupt their corrupt companies by contacting EVERY single investor that funds them to show them the evidence and encourage them to divest.

- Use “Espionage Journalism” like Project Veritas does. Sneak in to the bad guys operation using your cell phone as a broadcast camera and film the crooks doing crooked things.

- Contact billionaire’s (ie: Peter Thiel, Larry Ellison, etc.) to get them to sponsor a RICO, or other kind of lawsuit, against these corrupt parties. Use proxies to sue the corrupt (ie: Get Thiel to pay for some other guy to sue Gawker for you). The Legal Proxy is one of your biggest assets. You can get billions of dollars of lawsuits executed against corrupt mega giants. Make Hulk Hogan be YOUR proxy. He takes all of the risk and YOU get to see a criminally corrupt oligarch (ie: Nick Denton and Gawker/Gizmodo Media) ground into the dirt. Read the news daily and PACER.GOV and FIND YOUR PROXY!

- Bankrupt their corrupt companies by contacting EVERY user of their company, via mass media and personal out-reach, to show them the evidence and encourage them to cancel their subscriptions and ‘poison’ their data by filling their profiles with fantasy data.

- See the movie: “DARK MONEY” ! Understand what “Dark Money” is. Then cut off every possible source of the bad guys “Dark Money and expose every party involved in Dark Money schemes.

- Write every government agency with a short, concise, detailed complaint letter and say IN YOUR LETTER that “THIS LETTER IS ON FOIA PUBLIC RECORD”. These days, all government documents are leaked, hacked or FOIA’d so assume the public will be reading your letter. Compose your letter as if you were writing it for the audience of the Jerry Springer show so that the public will be interested in it, excited about it and amused by it. This will help the public help you to push your issue. Audacious controversy gets traction.

- Bankrupt their corrupt companies by contacting EVERY single member of Congress and regulatory agencies to show them the evidence and demand, in writing, a federal investigation.

- Bankrupt their corrupt companies by exposing corrupt sources of supply to the news and the public; ie: Elon Musk uses “blood cobalt” mines in the Congo which rely on child labor and mercenaries to operate the cobalt mineral mines.

- Expose the covert sex cults (ie: Pizza Gate, NXIUM, Burning Man, Mission Control, Power Exchange, etc.) that they frequent.

- Look on Linkedin and other databases to contact their former interns to see if they sexually or mentally abused that intern and help that intern find lawyers (ie: Lawless Firm, AllRed, etc.).

- All of the data of famous corrupt persons and corporations has been hacked and acquired by many, many parties over the last decade. Watch for it to get leaked on the web or go search the ICIJ, Wikileaks and

related databases for keywords about your targets. Expose what you find to the public. Cross reference what you find with the Palantir, Taleo, Bitcoin Trace, PayPal Trace, VISA Trace, D&B Insider, Gust-Scan, etc. commercially available databases and you will have an even more powerful search than the NSA's XKEYSCORE tool.

- Expose the trust funds, shell corporations and real estate contracts that they and their family own and make sure the IRS and SEC knows about those slush fund pots. Find all of their insider trading payola scams and expose them.

- Expose every reporter and 'stock analyst' that is actually a shill for the corrupt. Call them out by name in press releases and your own news articles. Demand to see their financial records if they claim to have never been paid by the corrupt entity in question.

- Expose the racist, tribal, misogynist organizations that the majority of their executive hires are part of.

- Investigate them and share your investigation data, from public data resources, on databases. All of their addresses, account numbers, tax records, bank accounts, dating site records, phone numbers, fax numbers, IMEI device records, IP addresses, device serial numbers, etc. are on public record.

- As Comey, et al; proved, there are crooks at the FBI...but there will always be, at least, one Elliot Ness kind of good guy at the FBI. DO report your findings to the FBI, in writing, but report to EVERY main, and regional FBI office, in writing, with a carbon copy to the media. It only takes one good FBI agent to get an official FBI case going. The same goes for the SEC, The EU and the CFTC.

- These incredibly abusive people have an inordinate number of divorce lawsuits for abusive behavior. Showcase the most revealing text from those abusive divorce court filings.

- **Write ‘Request For Prosecution’ requests to every major law enforcement agency and send copies of those requests to every other law enforcement agency and independent news reporters.**
- **If they run for office, confront them (legally) at public speaking events and hand out one page fliers about their crimes to the public at these events. Name their crony financial backers out loud at these events.**
- **File charges with the FEC for campaign finance violations. Ie: In one year Google reported a million in campaign contribution cash to one party but they actually provided many billions of campaign contributions via search engine rigging and perception manipulation services. Report that to the FEC and demand to know what the FEC is doing about it. Ask the FEC, in writing, every month until you get an answer in writing.**
- **Don’t just ‘follow the money’. Make fun charts and diagrams of the illicit funds routes and mass distribute those graphics.**
- **Meme them forever.**
- **Uncover every: illicit sex partner and who they cheated on; drug deals; hooker; rent boy; Uber and Lyft trip route; neighbors who complained about them; GPS records, social media posting that hinted at a political agenda, etc. All of this information can be legally acquired. They put most of it out on the web themselves and agreed to let Facebook, Uber and Google sell the data.**
- **Search every face recognition database with automated search tools. They agreed to allow their image on databases for security cameras, Walmart cameras, restaurant cameras, Google and Bing image databases, social networks, dating sites, traffic cameras, hotel and motel cameras and everything that has ever recorded their face; which is public domain. Check out what they were doing at each place they were recorded.**
- **Report every illicit deed done by the corrupt to large Congressional, news writer, social network and voter mass distribution systems.**

- **Learn ‘Veil Protection Strategies’ and How to Bust Them’.**
- **Break their cover-ups. Carbon copy every Inspector General (IG), reporter and social media resource you can find. Never allow only a few people to be the only ones that know what you uncovered. Tell everyone and never stop finding new people to tell. Use the “Streisand Effect”.**
- **If they ever, for the rest of their life: cheat on taxes, take money off-the-books, lie on an application, get arrested, get sued, buy drugs, buy sex, cheat, hide money, use off-shore conduits, set-up an illicit trust fund or shell corporation, get an STD, lie on a dating site, abuse or extort an employee, abuse a co-worker, plagiarize, break the law, run a real estate scam, hide insider stock trading, provide political campaign services without filing detailed and accurate FEC disclosures, support a political campaign, spend or receive any money that they do not report, etc.; THEN YOU EXPOSE THEM AND THE ILLICIT ACTIONS THEY TOOK.**
- **Educate yourself by typing this phrase into the top 5 non-Google search engines: “How To Be A Private Investigator” and read all of the results. Try more searches, like: “Investigation methods” or “Background check methods” or “Investigate a politician”, etc. There are thousands of other legal techniques in addition to those few listed here. They all work if you are persistent.**
- **Learn how to put a covert media alarm in ‘Corporate Poison Pills’ and find ‘Criminal Back-Dating’.**
- **Track the spouses finances of corrupt Senators and expose the crony deals to the world.**
- **Make certain that you find every other voter and community group who might help you. Support their efforts and share what you have uncovered with them. Use the web to guarantee that there is no place on Earth they can hide from justice. Work to mesh investigators, Congress, journalists, law enforcement, intelligence community, voters and your friends and family to never let them out of your sights!**

- Use social media, press releases, direct mail, PR and publicity stunts to seek out and join every other person or group, in the world, who also hates corruption. Share these notes with them and ask them to “pass them around...”

Hundreds of corrupt public officials have now been terminated since the main public web corruption purge efforts began in 2009. The corrupt are fools if they think they are immune. There is no “invisible cloak of corruption”. Every single day a shocking new set of revelations ends the career or some, now notorious, well known political figure.

If the corrupt think they hid their deeds in private texts, whispered restaurant conversations, secret home servers, the back seats of Uber and Lyft, closed doors in the back room or Cayman Islands hotel rooms **THEY COULD NOT BE MORE MISTAKEN!**

Every trust fund that they and their family own has been tracked.

Every Goldman Sachs, JP Morgan, Wells Fargo, and other I-Bank account they, and their corrupt family own, has been tracked and cross referenced to every political action they participated in that resulted in valuation increases to their crony insider accounts.

Every stock market account they and their family own has been tracked and cross referenced to every political action they took that might have increased the valuation of those stocks. Every sale of stock they engaged in is being analyzed for “pump-and-dump” illegality. ICIJ and Wikileaks still have tens of thousands of investigative documents that need to be reviewed. Volunteer to help find keywords and incrimination data in those records.

Every dirty off-shore account in Switzerland, the Caymans, Brazil and all of their other hiding places has been tracked and data-based on fully resourced online tracking databases.

Every person these criminal politicians ever communicated with on a dating site is being contacted. Any abuse, sexual misdeeds, sexting, porno pictures and lies are being documented and reported. Dating sites sell their user data

and all of their server records, since inception, are available to the public, investigators and law enforcement with a single credit card purchase thanks to Facebook, Google and Axcion. They caught two different NY AG's by reading their Match.com messages.

The Russians, Chinese, activists and bored teens have been entering the electronic device back doors on every router and consumer electronics device for decades and vacuuming up every record and file on every corporate and government network. Now they sell, or freely provide, those records to every public-interest law suit litigant to help them sue corrupt politicians and their financiers.

If they ever beat or abused a woman or child, it will be uncovered and reported just like Harvey, Huma's Weiner and the New York AG were outed!

Hundreds of thousands of new non-main-stream, non-party-controlled, non-corporate owned news outlets have been created and they now reach the majority of the voting public. Hundreds of thousands of new voters are invited to these sites every hour, around the world. These news sites are exposing them and exposing the "Main Stream Fake News" that the corrupt thought they controlled.

There is no under-age sex scheme that they are involved in that will not be found out and exposed.

There is no male or female prostitute that they used that will not be found out and exposed.

There are no abuse charges in your divorce filings and other documents that will not be uncovered.

There is no intern that they sexually abused that will not be protected when they tell their story about them.

For major anti-corruption lawsuit efforts we had to find the hidden money that corrupt Silicon Valley political financing billionaires had spent billions

of dollars to hide. How hard was it to peel the skins off of Google's onion? Thanks to modern law enforcement and intelligence technology, it was not hard at all.

The fluency and practice of piercing the corporate veil & alter ego liability shields of political manipulation bosses such as George Soros, Eric Schmidt, Larry Page, Elon Musk and their colleagues, has become increasingly important in recent years due to changes in the law and business cycles.

As more small taxpayers need to help hunt down the corrupt, it is increasingly critical for taxpayers to be fluent with the cutting-edge techniques and best tools to pierce & dissolve the corporate veil, as well as determine alter ego liability. The growing number of bankruptcies, foreclosures, and judgments has dramatically increased the need for forensic experts proficient in the science of effective judgment enforcement and asset recovery against the Silicon Mafia collection of corrupt California tech companies.

Ie: Any corrupt Department of Energy employer or contractor can now be sued, lose their home and have the courts transfer all of their assets away.

It is critical for action groups to understand the best strategies to suck dry the corporate assets in judgments for cases and how to sue individual State and Federal workers.

Any member of the public can now begin piercing of the Google corporate veil, navigating complex determinations on corporate liability, strategies involving legal alter ego, and breaking open both corporate & personal liability with your home computer.

We use tools that not only include, but exceed, the capabilities of XKEYSCORE, Palantir, Taleo, Bitcoin Trace, PayPal Trace, VISA Trace, D&B Insider, Gust-Scan, and hundreds of other executive asset tracking and intelligence engines.

corporations, partnerships, LLCs and offshore entities. Online web sleuths who are distinguished CIA-FBI-NSA-Class staff will teach you specific approaches and solutions, including the most effective tactics, best practices, and the cutting-edge strategies to peel an Eric Schmidt or a John Doerr veil open like a Taco, 100% legally.

The public is learning various ways, from the very simple to the very sophisticated, to expose specific assets of State and Federal corrupt employees and illicit contractors: houses, bank and brokerage accounts, private islands, billionaire bunkers, hookers with billionaires homes in their names, rent-boy services, rental real estate, businesses and professional practices and retirement plans. Every bad and immoral thing that corrupt did yesterday should the lead story in the Wall Street Journal tomorrow.

Use this document as your *check-list*. Try to accomplish everything on it against the most corrupt entity you see in the news. It does not matter how big they are. These tactics work on a corrupt entity of ANY size!

Not only is this effort 100% legal, it is your moral obligation to undertake it. Even if you don't care about the moral issues, you should care about the fact that your personal assets will increase and the quality of your life will improve as this program increases in effectiveness.

In “The 25% Revolution—How Big Does a Minority Have to Be to Reshape Society?” David Noonan describes how this sort of program by a committed few can influence the many and sweep away social conventions. In fact **MASS, PEER-TO-PEER, CROWD-SOURCED POLITICAL CORRUPTION INTERDICTION** has already moved to the influence of many.

Social change—from evolving attitudes toward gender and marijuana to the rise of Donald Trump to the emergence of the Black Lives Matter and #MeToo movements—is a constant. It is also mysterious, or so it can seem. For example, “How exactly did we get here?” might be asked by anyone who lived through decades of fierce prohibition and now buys pot at one of the more than 2,000 licensed dispensaries across the U.S.

A new study about the power of committed minorities to shift conventional

thinking offers some surprising possible answers. Published this week in Science, the paper describes an online experiment in which researchers sought to determine what percentage of total population a minority needs to reach the critical mass necessary to reverse a majority viewpoint. The tipping point, they found, is just 25 percent. At and slightly above that level, contrarians were able to “convert” anywhere from 72 to 100 percent of the population of their respective groups. Prior to the efforts of the minority, the population had been in 100 percent agreement about their original position. You only need to get 25% of the population to realize that GOOGLE IS SCUM in order to end Google.

“This is not about a small elite with disproportionate resources,” says Arnout van de Rijt, a sociologist at Utrecht University in the Netherlands who studies social networks and collective action, and was not involved in the study. “It’s not about the Koch brothers influencing American public opinion. Rather, this is about a minority trying to change the status quo, and succeeding by being unrelenting. By committing to a new behavior, they repeatedly expose others to that new behavior until they start to copy it.”

The experiment was designed and led by Damon Centola, associate professor in the Annenberg School of Communications at the University of Pennsylvania. It involved 194 people randomly assigned to 10 “independent online groups,” which varied in size from 20 to 30 people. In the first step group members were shown an image of a face and told to name it. They interacted with one another in rotating pairs until they all agreed on a name. In the second step Centola and his colleagues seeded each group with “a small number of confederates...who attempted to overturn the established convention (the agreed-on name) by advancing a novel alternative.”

For the second step, as Centola explains it, the researchers began with a 15 percent minority model and gradually increased it to 35 percent. Nothing changed at 15 percent, and the established norm remained in place all the way up to 24 percent.

The magic number, the tipping point, turned out to be 25 percent. Minority groups smaller than that converted, on average, just 6 percent of the

population. Among other things, Centola says, that 25 percent figure refutes a century of economic theory. “The classic economic model—the main thing we are responding to with this study—basically says that once an equilibrium is established, in order to change it you need 51 percent. And what these results say is no, a small minority can be really effective, even when people resist the minority view.” The team’s computer modeling indicated a 25 percent minority would retain its power to reverse social convention for populations as large as 100,000.

But the proportion has to be just right: One of the groups in the study consisted of 20 members, with four contrarians. Another group had 20 members and five contrarians—and that one extra person made all the difference. “In the group with four, nothing happens,” Centola says, “and with five you get complete conversion to the alternative norm.” The five, neatly enough, represented 25 percent of the group population. “One of the most interesting empirical, practical insights from these results is that at 24 percent—just below the threshold—you don’t see very much effect,” adds Centola, whose first book, *How Behavior Spreads: The Science of Complex Contagions*, comes out this month. “If you are those people trying to create change, it can be really disheartening.” When a committed minority effort starts to falter there is what Centola calls “a convention to give up,” and people start to call it quits. And of course members have no way to know when their group is just short of critical mass. They can be very close and simply not realize it. “So I would say to Black Lives Matter, #MeToo and all of these social change movements that approaching that tipping point is slow going, and you can see backsliding. But once you get over it, you’ll see a really large-scale impact.”

Real-life factors that can work against committed minorities—even when they reach or exceed critical mass—include a lack of interaction with other members, as well as competing committed minorities and what’s called “active resistance”—which pretty well describes the way many people in 2018 respond to political ideas with which they disagree. But even with such obstacles, Centola says the tipping point predicted in his model remains well below 50 percent.

Certain settings lend themselves to the group dynamics Centola describes in his study, and that includes the workplace. “Businesses are really great for this kind of thing,” he says, “because people in firms spend most of their day trying to coordinate with other people, and they exhibit the conventions that other people exhibit because they want to show that they’re good workers and members of the firm. So you can see very strong effects of a minority group committed to changing the culture of the population.”

The other environment in which the 25 percent effect is particularly evident, Centola says, is online—where people have large numbers of interactions with lots of other people, many of them strangers. This raises some tricky questions: Can a bot stand in for a member of a committed minority? And can a committed minority be composed of bots and the real people the bots influence, so that bots are actually driving the change? According to Centola, “In a space where people can’t distinguish people from bots, yes. If you get a concerted, focused effort by a group of agents acting as a minority view, they can be really effective.”

You owe it to society, and yourself, to fight against political and corporate corruption.

You cannot let these Google bullies take even one more step forward.
