THE PUBLISHED FACTS- HIGH-LEVEL:

Silicon Valley Venture Capitalists have been caught in the "AngelGate", "High Tech Employing Rate Rigging/No Poaching Conspiracy", "Cleantech Crimes", "High-End Prostitute Scandals" and many other mafia-like intrigues. Some are suspected of murders. Their own staff are suing them for misogyny, rape, racism and more. Let's look inside this National Venture Capital Association league of billionaire madmen, who will, apparently, stop at nothing to get cash, power and ego boosts.

THE FBI, GAO, CIA, U.S. TREASURY, SENATE COMMITTEE'S, ACLU, and hundreds of consumer rights groups and investigative reporting groups have published the following facts in articles, broadcasts, law enforcement published files and published legal briefings. These facts, alone, would seem to urgently call for the appointment of a "Special Prosecutor". Even without a Special Prosecutor, these facts seem to indicate that more indictments need to be issued.
