These kids are pawns for the DNC . Their march is being organized by "Everytown for Gun Safety". They are directly funded by "ActBlue" which is the DNC.

Note to CIA: Why don't you do what you do best and take Soros out. What the hell are you waiting for. Gitmo is too good for him.

You know, its almost as if Soros gets a pass for funding terrorism/anti American sentiment. Why would that be? He is "ONE" man. Not a country. We could EASILY take him out. But we dont. We dont even label him a "Wanted" criminal. Do certain people just NOT want us to know they are part of a bigger effort to put the U.S. into a cuckold by destroying the Constitution?

The CIA is whistling a different tune since Trump sent 2,000 Marines to CIA headquarters in Langley about 5 months back they made arrest and confiscated laptop's and documents then Trump put Pompeii in there to clean up the mess Pompeo is now heading to the State Department to clean up that s\*\*\* hole.

They did the same here, it's playing out the same way. Dunblane was a false flag, evidence and witness statements are still classified for another 100 years.
