

Facebook, Google, Twitter, Amazon, LinkedIn have been swapping voter data sets with each other in order to manipulate national and regional elections: FELONY CRIME!

By Kendra Lime

Silicon Valley oligarchs are a mob-mentality group of gangsters who like to think of themselves as members of a Godfather-like Mafia of technology "visionaries".

In reality, though, they are fraternity house elitist spoiled brats, with no moral compass, who have partnered with Perkins Coie, Wilson Sonsini, MoFo and other criminally corrupt law corporations to implement their crimes.

They decided to take over the U.S. Government and they merged the data and news manipulation from their co-owned tech companies to do it.
